Re: Request for reasonable accommodation

Thank you for your e-mail of August 27, 2018. The Road Commission will need certain documentation from you to properly evaluate your request for accommodation. Please provide written documentation from your healthcare professional describing your vision impairment; the nature, severity, and duration of the impairment; the activity or activities that the impairment limits; and the extent to which the impairment limits your ability to perform your job responsibilities. Upon receipt of this documentation, I will review same and discuss with you the types of accommodation which might be available to assist you in performing the essential functions of your position. I appreciate you bringing this matter to my attention and look forward to working with you to identify a reasonable accommodation which will assist you in remaining effective in your position.
